## Twelve Accidents Mar Holiday Weekend Here

FRANKLIN W. HURD, who announced his candidacy for re-election to the Board of Selectmen this week. He is currently chairman of the Board.

THE DPU will conduct a hearing on the proposal to change the MTA bus loop in the Heights to go over Wachusett ave., between Florence ave. and Appleton st., rather than over Claremont ave., thus avoiding a bad turn, officials feel.

Nine persons were injured in 12 accidents here this week, nine of the mishaps occurring over the holiday weekend.

One of the most spectacular crashes occurred Saturday when a vehicle, operated by Harry M. Tountos of Somerville, went out of control on the Concord Turnpike.

The automobile skidded across the center island and turned over in the oncoming lane. Tountos was taken to Symmes hospital and treated for injuries to his back and right hand.

### Three Riders Injured

Three passengers in the car, all of Somerville, were also rushed to Symmes.

They are Robert Simone, treated for a possible concussion, Henry Mayes injuries to right arm, side, head, and nose, and John Carlino, right arm, leg and eye.

Early Saturday morning John J. Willard of Billerica was rushed to Symmes after his car crashed into the safety island near Lake street.

He was treated for a laceration to the back of his head, possible fractured left leg, and possible internal injuries.

Tuesday, on the Concord Pike, a car, driven by Mrs. (Continued on Page 6)

THE MARCH OF DIMES campaign opened here Tuesday. Here, St. Agnes Girl Scouts, under the direction of Mrs. Frances Fullerton, filling the March of Dimes cards at the Arl. Hdqts., 9 Mystic st.

## March of Dimes Campaign Starts

The March of Dimes Drive is now underway as reported by Chairman Robert E. Mahoney.

An expense of more than \$35,000.00 was reported by the National Foundation of Infantile Paralysis for Arlington for the year 1955, or a total of \$25,117.41 was spent for these patients.

The March of Dimes has asked that every Arlington resident be a little more generous this year. The March of Dimes headquarters is located at 9 Mystic street.

## Yeames Resigns After 35 Years

Arthur O. Yeames of 24 Kensington rd. has notified Town Clerk James J. Golden that he will not be a candidate for re-election as Town Meeting Member from Prec. 6.

Mr. Yeames has held this post since March 7, 1921, being successfully re-elected every three years since that time.

"Unparalleled" Record  
The March meeting of 1921 marked the first one under the present limited Town Meeting member provision.

Mr. Yeames has served on many Town committees over (Continued on Page 6)

## TM Roster Nearly Filled

When the Town Meeting convenes Monday night for a Special Meeting, the roster of 243 members will be nearly filled.

Due to the active efforts of Town Clerk Golden, only three vacancies will occur, it is believed.

Both Precincts 1 and 8 will have one unfilled vacancy. The third was unavoidable, Golden said, due to the resignation this week of Robert G. Sisson of Highland ave. (Prec. 10), who has been named to the Finance Committee. The two posts cannot be held concurrently.

Learned at press time — Mrs. Grace M. Kingman of Gould rd. (Prec. 6) has resigned, having sold her home and moving out of town. Creates 4th vacancy.

Precinct meetings on Monday night prior to the Special Town Meeting have been set up in all other precincts where a total of eight vacancies existed.

At these meetings, arranged by Golden, the remaining (Continued on Page 6)

## \$12,000 Town's Price On Site For Parochial School; Church To Offer \$4,000

### Accord Seen On Other Points; Town Meeting To Set Final Price

At the Special Town Meeting next Monday, members will consider five Warrant articles.

Of these, by far the most vital is the proposal to sell part of the Summer street dump and playground area to the Archbishop of Boston for the use of St. Agnes Catholic church for a parochial high school building and athletic field.

The area involved includes about 154,600 sq. ft., about 3.6 acres, or about half the entire area owned by the Town.

### Church Offers \$4,000

It is understood the church has offered \$4,000 for the plot or a little over 2½ cents per square foot.

A large portion has been filled recently and would not bear a building for many years without resorting to piles, it is pointed out. Other sections are low and become swampy in the wet seasons.

Soundings taken by architects and engineers for the church point to an additional expense of around \$40,000 to construct a building because of the condition of the land, it is said.

### Area Cost \$12,000

The Finance Committee has approved the sale of the land but has put a price tag of \$12,000 or about 7½ cents per square foot.

The Committee contends that this figure represents the actual cost of the land to the Town. The land was taken by eminent domain proceedings several decades ago.

It is expected the Town (Continued on Page 6)

## Memory of Old Home Recalled By Ex-Citizen

News about the razing of the historic old home at 208 Pleasant st. continues to spread.

This week, the Advocate received a letter from Mrs. Ruth Gage Thompson who is visiting in Minneapolis, Minn.

Mrs. Thompson, who now lives in Kent, Ohio, lived in her family's home for many years. She is the cousin of Mrs. James A. Bailey.

The letter:

"Dear Sir:

"On my arrival here a few days ago, I received a letter from Mrs. William S. Fairchild in which she enclosed an article regarding the razing of my old home at 208 Pleasant street.

"It was something of a sad shock and a feeling of nostalgia for experiences long passed.

"I was in Arlington in the fall of 1947 visiting the Baileys. Mrs. MacJannet had me over for tea. Mrs. Norris was living in my old room at the time.

"I was also with the MacJannets the day Paris was liberated and that year they were having many meetings and lectures on international affairs.

"Remembering the old house, I keep wondering what happened to the three marble fireplaces?

"In 1937, I wrote a history,

filled with pictures, for my five children, each child receiving a personal copy.

"It took me over six months to gather material as it covered "Our Family", "Mr. Thompson's Family", and "My Family".

"I have three daughters and two sons and two grandchildren.

"I am the last of my father's children. I am 82 years old and in excellent health.

"Extending greetings for the season, I remain,

Sincerely,

Ruth Gage Thompson"

## Universalists Attend Communion Service

Universalists observed the service of communion last Sunday, an occasion of rededication at the turning of the years on New Year's Sunday.

Deacons S. Clark Heath, L. Brooks Saville, Paul Ousback and Thomas L. Jones had charge of the distribution of the elements which had been prepared by Deaconesses Mrs. A. P. Gardner Hanson and Mrs. W. Frank Morrissey.

The Universalist church will participate this Sunday in the Ministers' Exchange Sunday sponsored by the Arlington Ministers' Association, the church being host to the minister of another Arlington church, and the pastor preaching elsewhere in Arlington.

## House Democrats Flay GOP Claims Of Reform

Special to Advocate  
By N. E. News Service

The Democratic leadership in the state legislature has opened heavy fire against the Republican administration on the eve of the third session of the Herter management of state affairs protesting that Republican claims for 32 accomplishments contain three items which Democrats criticize.

House Speaker Michael F. Skerry of Medford, the elected leader of the Democratic party, has protested that his associates deserve acclaim for prison reforms, have opposed and are constantly objecting to automobile merit policies and said that the Republicans have employed deception to talk about location of new industries within the state.

## Charges Deception

In bold terms, Speaker Skerry said that the Republican handbook for 1956 claiming achievements is "a typical example of an administrative policy deliberately conceived to hoodwink and deceive," the people of Massachusetts.

The Speaker in a prepared statement, went on to say that: "These are three of the 32 allegedly remarkable accomplishments of the Herter Administration which disclose the Republican decision to claim credit for even the forward looking and practical decisions of the Democratic House of Representatives.

"The claim that the 'prison system in Massachusetts has been given the most complete overhaul in history' and that Governor Herter made a 'personal fight' to inaugurate a modern and progressive penal system is such a deliberate distortion of facts that it is difficult to measure the temerity of the authors of the handbook," he said.

## Tells of Uprising

"Long before the January uprising at the State Prison, while the Herter Administration was unconcerned about the need of progressive direction of the penal institutions, Representative John T. Tynan of South Boston, on December 1, 1954, sponsored a bill that resulted in the launching of a legislative investigation a few weeks later.

"It was not until the House of Representatives took the initiative that Governor Herter displayed the slightest concern about prison conditions," said Skerry.

"It is amazing that the Republican handbook showers credit upon Governor Herter for the enactment of the so-called merit system in compulsory automobile insurance.

"The people of Massachusetts have already, and I may say very convincingly, expressed their disgust with this law which the Democratic House of Representatives will drastically revise in January.

## Speaks of Industries

"A third example of deception is the claim that the Herter Administration has attracted new industries to Massachusetts.

"If the removal of long established industrial firms from Greater Boston to new sites

adjacent to recently completed state highways upholds the claim that new industries have been influenced to locate in the Commonwealth, the mere moving of a factory from Boston to a suburb is an extremely unconvincing proof of such an achievement.

"I note that no mention has been made of the industries that have moved away from Massachusetts in the past three years. This should be included in the handbook as an accomplishment of the Herter Administration.

"The handbook covers much territory but I seriously doubt if it will have political value in 1956," he concluded.

## Christmas Program Held At Jr. Hi East

An unusual Christmas assembly program was presented by more than 75 pupils from all grades at the Junior High East auditorium recently.

The program entitled "Christmas Bells" began with the reading of the Christmas Story from the Bible by William Brown.

The introduction to the drama that followed was read by Barbara Herzog and the narrations were done by Sandra Usik and Brenda Landry.

Each narrative related a different aspect of Christmas thought and was pantomimed by groups of dancers supported by a mixed chorus of fifty voices.

The American soldier, stationed in the Alps on Christmas Eve, was portrayed by David Sulahian. Santa Claus was portrayed by Geraldine Langone.

The program concluded with the time honored theme of "Love — Peace on Earth and Goodwill toward Men" and the singing of "White Christmas."

The program was directed by Miss Helen Noonan, assisted by Miss Margaret Bubar and Mrs. Robert Stevenson. The chorus and the music were under the supervision of Mr. Walter Russell.

## FOOTSAVING EDUCATION

By Herb Mason  
owner of  
Mason's Shoes  
Arlington  
Center

Why do shoes have heels? To assume that our feet need heels

is a safe assumption to make. Children get around beautifully in their bare feet. Their heel bones are just as long in winter as they are in summer.

Primitive man had the best reason for wearing heels. He or she made his shoes out of animal skins, as we do, except that the only way they had to tan the leather was to chew it. In no time a all the heel wore through and once it was worn out it was difficult to patch. Some jaw-weary cavemen put the patch on when he made the shoe and when the patch wore through he still had a shoe that could be fixed. From that common sense beginning we have drifted upward until we raise the heel of a three year old a half inch, a six year old an inch, and the really stylish shoes for women hit three inches.

One and a half inch heels used to be considered as necessary as a good strong corset. Fortunately young people have their feet on the ground. They wear heels for dress occasions but most of the time they are in their stocking feet around the house. They will miss the exquisite torture of bunions, corns and hammer toes. It is too bad that boys do not go for freedom of feet as the girls do.

## CHRISTIAN SCIENCE

The purifying power of true prayer will be set forth in the Lesson-Sermon entitled "Sacrament" at Christian Science services this Sunday. Bible passages will include the counsel of Christ Jesus regarding prayer (Matt. 6:6): "But thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly."

Continuing the explanation of prayer, a correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (15:9): "To enter into the heart of prayer, the door of the erring senses must be closed. Lips must be mute and materialism silent, that man may have audience with Spirit, the divine Principle, Love, which destroys all error."

The Golden Text is from (51:10): "Create in me a clean heart, O God; and renew a right spirit within me."

## UNITARIAN NOTES

### ADVOCATE SEES AGREEMENT

The fate of a parochial high school in Arlington hinges upon the individual decisions of some 243 Town Meeting Members next Monday night.

The stage has been set. The Special Town Meeting has been called. (It will be recalled that the Advocate said in an editorial that the matter should be decided at a special meeting.) Now it is up to the Town Meeting.

Five articles will appear in the Warrant. Paramount in the minds of those in command however is the conveyance of a parcel of land off Summer street for a parochial high school, under the aegis of St. Agnes' church. The Advocate openly favored the proposal December 8. The Advocate still favors the sale of this land at a "fair" price. To repeat our stand briefly, we have come to this decision, not on the basis of emotional sentimentality, but on the basis of solid, practical logic.

We favor the sale because the decision to build in the Summer street area would mean savings in school taxes and at the same time, would open new horizons for tax revenues.

With a parochial high school in the Summer street area, the Russell Common would then be available for off-street parking as recommended by the Joint Planning Committee. This would give a tremendous lift to local business and the tax revenues from business property would rise, rapidly, in our belief. Few people realize that these revenues have been stationary for the past twenty years.

While the difference between the selling price, suggested by the Finance Committee, and the offered price as proposed by the Church, is considerable, we are confident the matter will be settled, finally, both amicably and equitably.

### TO: BUSINESS FOLK

We know the last few days before Christmas is a terrible rush and everybody says, "Wish that Day would come soon" but...

Wouldn't you like to have a bit of that rush back, now?

## School Opening Still Mystery

An authoritative source said this week that he did not believe that the No. Union street school would be ready for occupancy until almost Nov. 1. This view is based upon the fact that the completion date in the contract is Sept. 1, 1956, and that it usually takes five or six weeks to move in desks and other equipment.

Will Not Say It However, when contacted this week, Supt. Clifford R. Hall said, "I will not agree with that Nov. 1st date. We are hoping and praying we can get in there by school opening and not have to open the Russell school for a month or two."

The Superintendent intimated that action, when indicated, would supplement the "hopes" and "prayers."

To Explore Possibilities Some observers close to the situation feel that there are many possibilities. Among these are a) lucky weather and completion of the building before the contract date; b) as some rooms are completed they could be furnished; c) use of "areas" inside the building as classrooms, unfurnished, for several weeks; d) and, finally (the last resort) two platoons in the building for a week or two.

At any rate, it is felt school officials will explore every possible plan.

## That Man About Town

By MAT

Dear Boss,

With an important Special Town Meeting coming up next Monday night, we are sure you've got plenty of stuff for this week's paper.

The issues to be decided are definitely not political — so why not skip MAT this week?

Besides the two long weekends really did it...

Besides, all I want to say is "Happy New Year" to you, the staff and the Advocate readers.

(Signed) MAT

To the Editor:

Just a note to let you know we did notice the query in "Mats" column regarding what the League is going to do about the proposed major changes in Arlington Center's business district.

Be assured the League has not just made another interesting study which will only gather dust; and also be assured the League intends to do all possible to prevent the Town's study from gathering dust, too.

Mrs. Mark Bradford's committee is now working on the precise ways and means of implementing the next step, namely, getting a final report from the Town committee, and later a recommendation for funds to do the engineering plans from the next Town Meeting.

Very truly yours, (Mrs.) Leona Wilkins, president Arlington League of Women Voters

### TOWN MEETING

(Continued from Page 1) Meeting will set the final price.

The Finance Committee also has listed four other conditions of sale:

1. That, after the approval of sale by the Town Meeting and the State Legislature and the land is offered by the Selectmen, the Church must accept the offer within one year.

2. The Church must agree to use the area for high school purposes.

3. Must build the school within five years after acceptance.

4. Must accede to existing rights of way which include Town and MDC sewer systems and the Mill brook.

It is understood the Church has agreed to all these conditions, except the sale price. State Action Needed If the Town Meeting votes the sale of the land, its action must be approved by the State Legislature since the land involved is under park department jurisdiction.

A bill has already been filed with the Legislature in anticipation of any action by the Town.

The parcel, owned by the Town and under the jurisdiction of the Park department, lies roughly between Summer st. and the B&M railroad tracks and between Mystic and Mill streets. The Church seeks the easterly portion of this area.

Fringing the area sought by the Church are several privately owned properties. These include land owned by William F. McManus (Mystic Valley Motors), the Edison Electric Illuminating Co., Maude L. Wood (Wood Brothers Movers), a single family house owned by the McKennas and the Texaco filling station.

Committee Acts The other four articles include (Art. 1) reports of committees and that of the Finance Committee.

Under Art. 2 the Joint Planning Committee has asked for additional funds. The Finance Committee has approved \$500 to publish the results of the study on changes in Arlington Center.

The Finance Committee has also approved increased pensions (Art. 3) to those on the list before April 1, 1951. This is authorized by the State Legislature, Chap. 670, Acts of 1950. It will cost the Town \$5800, annually.

Article 4 asks for funds to refurbish sections of the older section of the Town Hall, primarily the wing to be occupied by the Public Works Dept. and Manager.

The Selectmen have asked for \$7200. The Finance Committee has set the figure at \$5500. The Committee says there are some unexpended balances available.
